

What Happens If ... Preschool Investigations CURRICULUM CLINIC

Celebrate and support the natural curiosity and wonder in preschool-aged children. In this clinic we will discuss, explore and experiment with how to create an environment that invites preschool children's explorations and investigations.

Learn how to:

- work with the children to uncover their questions and ideas
- build activities and learning experiences that are meaningful to children.
- incorporate the learning needs of all preschool children into the investigative learning process

Monday, April 5, 2010
4:00 - 6:30 PM
Methodist Weekday School
2600 Massachusetts Avenue, Lexington, MA
\$30.00

Additional Clinic
The Great Outdoors — June 10, 2010
Kindercare Learning Center, Peabody, MA

Discover the amazing learning experiences that can take place outside the walls of your classroom! We will explore activities for small and large groups that can be used at the spur of the moment, or on that perfect puddle-jumping day!
