

# Managing Life Transitions

Life is full of changes, and change can be stressful for young children.

Tuesday, May 11, 2010  
7:00–9:00 p.m.

In *Managing Life Transitions*, we will identify life transitions that young children may encounter, such as

*starting or changing schools*  
*changing family circumstances*  
*a new baby in the household*  
*moving to a new neighborhood*

and explore strategies to support them through these situations.

Learn what we can do to help children cope more effectively.

*This workshop is part of our comprehensive special needs training topics*

Whitney Place  
3 Vision Drive (Route 9 West)  
Natick, MA  
Fee: \$25
